

Oil treatment of staircases and doorsteps

Due to oil treatment of staircases and the doorsteps to the apartments, it will not be possible to use the staircases according to the following plan:

Monday, November 23:

Tuborg Havnepark 10 and Tuborg Havnepark 12 and the doorsteps in Tuborg Havnepark 14.

Wednesday, November 25:

Tuborg Havnepark 9 and Tuborg Havnepark 11.

Instead, the elevators should be used.

However, since we have some problems with the elevators at the moment, the plan may be changed. The final plan will be announced by notice.

After the oil treatment the staircases and doorsteps must not be used for the next 12 hours.

Regards

Owners Association
